Statement

The safety of our students is our main priority. *Great British Guardians* acknowledges that there may be situations out of their control that require planning for. This plan outlines what *Great British Guardians* will do in the event of an emergency. (Please note that the scenarios are not exhaustive.)

Emergency Procedure

Dealing with an emergency

It is important that staff who receive an emergency call keep calm and remember to note all of the information provided. You may need to provide reassurance and support to the informant as they may be upset, suffering from shock or may panic.

- Ascertain what has happened, gathering as much information as you can;
- Discuss with the informant what action needs to be taken and by whom;
- Keep a written record of the information and of any actions taken. (A template for recording incidents is included at end of this plan);
- Stephen Arnott, Managing Director, should be informed immediately about the situation.

Specific scenarios

Please note that specific scenarios may require a bespoke plan that will include further details on how we will handle the issue. Where this is the case *Great British Guardians* will circulate the plan with all relevant parties.

Cancelled Flights

When a student's flight is cancelled in the UK *Great British Guardians* will arrange for suitable care if the student is unable to remain at school. If necessary, students will be accommodated in an emergency host family until it is possible to travel. Where a student is waiting at an airport without a member of our staff, students are required to contact *Great British Guardians* as soon as they are aware that their flights have been cancelled. Parents will be kept fully informed of the situation. *Great British Guardians* will liaise with the airline and parents to re-arrange the flights.

Pandemic/ Contagious Outbreak

Pandemics can cause major disruption to travel and schooling. It is important in such events to take advice from the government, Public Health England and the World Health Organisation. AEGIS provides guidance for members to follow. This is regularly updated as a situation develops. Usually, in a pandemic it is important to restrict movement so as not to spread the disease further. That means boarding school students would usually remain at school. In the event of a pandemic *Great British Guardians* may not be able to offer host family accommodation as this could place students, host family families and the wider community at risk. *Great British Guardians* will work with parents to find flights to home countries where required. *Great British Guardians* will work with schools to meet students' needs as best they can during a pandemic. This could be by helping to support students to learn remotely as directed by the school. *Great British Guardians* will work with parents and schools to find suitable quarantine accommodation for students where required.

Serious injury or death of a student

Serious injury or death of a student is distressing for all concerned. *Great British Guardians* will:

- Liaise with medical staff and police
- Keep parents informed
- Help parents arrange flights
- Handle any media enquiries
- Liaise with schools and any other external agencies (such as LSP) where required
- If required, assist parents with rehabilitation and flights home
- If required, assist parents with funeral arrangements

Terrorist incident

Schools will have their own lockdown procedures to ensure the safety of students in the event of a terror attack. In the event of a terror attack taking place in the UK when a student is staying at a host family, *Great British Guardians* will follow the guidance provided by the UK government and the police. Unless instructed otherwise, students will be asked to remain in the host family and not to go out unaccompanied by their host family. In such a situation *Great British Guardians* will assess the risks and act accordingly.

Fire

In the event of a fire at a host family, after dealing with the emergency by calling the fire brigade, the host family is expected to inform *Great British Guardians*. Students will be moved to a different host family until the accommodation is refurbished. *Great British Guardians* will visit the host family to check the suitability of accommodation before any students return.

School closures

There are many reasons why a school may close. These could be temporary, such as due to weather or a staff shortage or permanent, for example due to bankruptcy. Unless closure is due to a contagious disease (see pandemic guidance above), *Great British Guardians* will provide accommodation for students with their host families*.

Illness

It is the school's responsibility to communicate with *Great British Guardians* in the first instance to advise on the severity of the student's illness. If the student is suffering from an illness that is too severe to be cared for at school, *Great British Guardians* should consider alternatives, such as hospitalisation in advance of taking any further action.

If the school is unable to accommodate the student but the student's illness is not so severe that they require hospitalisation, *Great British Guardians* will attempt to organise emergency accommodation for the student so long as the student does NOT have a contagious illness that could compromise the wellbeing of host family or their family.

Great British Guardians will not accept any sick child into their care without having first sought permission from the students' parents who are required to sign a medical release form to protect GBG should the student become seriously ill or worse.

Once the Host family and *Great British Guardians* considers the student fit to return to school, (i.e. they have had a normal temperature or haven't been sick for 24 hours), they should do so immediately in order not to disrupt the student's studies, more than is necessary.

Disciplinary

If the student is suspended from school for a period that does not make it feasible to return home, then it is *Great British Guardians* responsibility to find safe accommodation for the student.

Great British Guardians may contact the student's usual host family but if they are unable to have them then the student will be accommodated in an emergency host family.

Great British Guardians should maintain regular contact with the student's parents throughout. If the suspension is due to last for a week or more, *Great British Guardians* should discuss with the parents, the option of the student returning home.

Emergency Host family Accommodation*

Please note that emergency host family placements may not necessarily be with the students' usual host family, but will be with one of GBG's other vetted host families.
